ELECTRONIC WASTE ACTIVITY

A HomeScouting Adventure

Count the number of electronics in your house, both ones that work and ones that no longer work. How many electronics does your family own?

Number of Electronics that Work = _____

Number of Electronics that don't work = _____

Total Number of Electronics in your house = _____

Choose three of these electronics and look up the average lifespan of each and if it can be recycled.

Electronic	Lifespan	Can It Be Recycled?
_____	_____	_____
_____	_____	_____
_____	_____	_____

If you have old electronics that you don't use anymore, consider selling them or donating them to someone else.
